Pass raises out for now

BY ED LEPOMA

Mayor Bill McDonald had to cast the tie-breaking vote Tuesday night to approve a \$9 million spending budget for next year.

And, McDonald directed some scolding remarks to Ward 2 Alderman Margaret Jean Kalif, who said she would not vote for a budget that does not provide raises for city employees this year.

The adopted budget represents an

increase of almost \$1.2 million over last year, but spending will be supplemented by state grants that will be used mainly to rebuild the deteriorating east wall at the Municipal Harbor.

McDonald had originally proposed an across-the-board raise of four percent for each of the city's 80 full-time employees, an additional \$1,000 per year for policeman and \$2,000 per year for firemen.

That possibility went out the window when the mayor later learned that because of pending insurance claims, the city's group coverage might increase by 58 percent.

Tuesday night, the news delivered by insurance consultant Michael Murphy was even grimmer.

Murphy said he was able to get quotes from only two carriers, includ-

Lt. James Necaise of the Hancock County Sheriff's Department surveys the inmate farm where he's worked for 18 years. Sheriff Ronnie Peterson announced this week that the farm will shut down during the remainder of his term.

Inmate farm to disband, for now

BY ED LEPOMA

It will be up to the new incoming Hancock County sheriff to decide whether he wants to resurrect the inmate farm that has been in existence since 1983.

At Monday's meeting of the Board of Supervisors, Jail Warden Larry Willis announced that outgoing Sheriff Ronnie Peterson has decided to phase out the farm within 30 days.

Willis said the two full-time deputies assigned to farm operations would be utilized elsewhere, and the trustees who work the eight acres there would also be reassigned.

Contacted later by the Echo, Peterson said his decision to shut down the farm came after several meetings with District 4 Supervisor

Steve Seymour, the latest of which occurred last Friday.

The farm, located off Hwy. 43 behind the county's

North Maintenance Barn is near ballfields, and Seymour said play has increased so much, more space is needed to add another field.

There have been suggestions to relocate the county farm to other locations, but sites proposed have drawn objections from nearby property owners.

"With three months to go in office, I thought the time was right to disband the operations,"

Waveland adopts \$4.5M budget

BY BENNIE WEDGEWOOD

The Waveland Board of Aldermen adopted Mayor Tommy Longo's \$4.56 million operating budget Friday night that will provide pay raises for city employees, fund some new positions and allow for the purchase of some new equipment.

It is the first proposed budget of Longo's new administration, and the total spending was down from the

\$4.62 budgeted for the current fiscal year, which ends Sept. 30.

The budget includes pay raises for the city's 107 employees, totaling \$210,925, including hospitalization and other benefits. Most of the raises are across-the-board, although some employees whose salaries were low will be more fairly compensated for the actual duties they perform.

No tax increase will be necessary

to cover this year's budget, and the city is following the state auditor's advice to keep at least \$800,000 in cash reserves to cover bonded indebtedness.

Money will be spent on street improvements, drainage and cleaning, including keeping the grass cut along local streets.

Hancock, Pass to receive \$575,000

BY GEOFF BELCHER

Hancock County and the cities of Bay St. Louis, Waveland and Pass Christian will receive more than a half-million dollars from a total \$4.9 million returned to the Gulf Coast through Tidelands lease revenue, Secretary of State Eric Clark announced Monday.

"This money is collected from tideland leaseholders - primarily casinos - and returned to the people of the Gulf Coast," Clark said at a press conference Monday at the Ken Combs Pier in Gulfport and in a press release issued later.

Clark said the total funds - a record \$4,921,732 - were paid to the Department of Marine Resources from tidelands-lease collections.

Clark, trustee of the public trust tidelands, negotiates leases. The collected revenue is appropriated by the Mississippi Legislature through DMR. Over the past four years, more than \$17 million in tidelands lease funds have

"CUEVAS' QUOTES"

By Ellis C. Cuevas

It has been rather interesting at The Echo as we have begun training on new equipment with new programs for the composition of the newspaper.

Baseview Products, Inc., has had a trainer here since last Tuesday working with the our editorial department. I guess with me it is just like trying to "teach an old dog new tricks," as the saying goes.

Next month we will receive training on advertising and that should be interesting, too.

Since we have been using the old computer system since 1988, it will take us a few weeks to become adjusted to the new system.

Over the years I have typed on so many different configurations and types of keyboards, it is hard to remember just where the fingers go. Even before I started at The Echo while in the Army, I had already used at least six different keyboards, since I was in communications.

I can recall a dozen or more systems that we have used over the years, some for short periods and others for a longer time.

Since printing became mechanical, probably the biggest jumps in technology have taken place during the past ten years.

I can remember when 60 words per minute in transmission was top speed for teletype, and when that speed was moved to 100 words a minute, all the mechanics said the machines would not hold up.

I wonder what those guys from the 1950s think today about the speed of messages being transmitted because of the introduction of computers.

By the way, my Underwood Five Typewriter is still active and in use on my desk, as I still use it to type notes and write checks.

Friday night football action moves into its fourth week for local high school football teams.

The St. Stanislaus Rock-a-chaws will be seeking victory number four when they play host to the d'Iberville Warriors in Brother Philip Stadium Friday night.

Stanislaus edged Long Beach 25-21 last Friday in an action packed game.

The Rocks will really be tested as d'Iberville will be smarting from their 27-20 loss to Harrison Central last week.

Competition has been very strong this year in a lot of action-packed games involving the local high school teams.

The Hawks of Hancock lost another heartbreaker this past Friday to highly state ranked South Jones 29-21.

Hancock this week will face another strong team on Friday as they travel to Ocean Springs.

The Hawks are really preparing for conference games which will begin the following week against Stanislaus.

Ocean Springs has a 2-1 record for the season and defeated St. Martin 14-6, in last Friday's action. The Hawks are out to even their record at 2-2 and could do so with a superior effort Friday night.

Bay High's Tigers will open their home season Friday night at J.D. McCullough stadium, as they play host to Poplarville. The Tigers are playing good ball with a 2-1 season.

This should be an exciting game for Bay High and the stadium should be full of supporters, as this may be the year of the Tigers.

On Friday the Pass Christian Pirates will be away going against St. John's Eagles.

The Pirates will have their hands full with the Eagles and could surprise St. John who may be overly confident.

Area schools need good fan support on Friday night. Bay High and St. Stanislaus are at home, Hancock in Ocean Springs and Pass Christian in Gulfport.

The coaches, players and school administrators would like to see the stands packed with Tiger, Hawks and Rock-a-chaws fans.

We hope to see you at the game Friday night.

The big coming-out party for the Hancock County Multipurpose Arena begins today with the Hancock County Livestock Show and Exhibits.

The brand new facility is located on the Kiln/DeLisle Road across the street from the new Hancock Middle School now under construction.

Arts, crafts and home making exhibits will be on display beginning at 6 this evening.

On Friday there will be a school day starting at 8:30 a.m.; 10 a.m. judging of poultry, rabbits, crafts, jellies, etc.

A hog show at 5 p.m.; goat show at 5:20 p.m.; ribbon cutting at 5:30 p.m.; and beef show at 6 p.m.

Activities begin at 9:30 a.m. Saturday with a Nickel in the Hay Stack; pet show 10 a.m.; lunches available beginning at 11:30 a.m.; cattlemen's field day at 1 p.m.; cattlemen's political rally at 5:30 p.m.; and Blue Grass Music beginning at 7 p.m.

It will be three days of great fun at the new Multipurpose Arena and officials are expecting a large turnout to unveil the new facility.

We hope to see you there.

Do not forget the big sand beach cleanup day set for Saturday sponsored by the Hancock County Chamber of Commerce's Beautification Committee. This is an annual event and more volunteers are needed.

Volunteers will begin to gather at 7:30 a.m. at the chamber's office on the Service Road next to The Peoples Bank, Highway 90, Bay St. Louis, to receive supplies and assignments for those who have not yet signed up for the cleanup.

Following the cleanup and beginning at 11 a.m. there will be refreshments for volunteers at 11 a.m. at the foot of Washington Street and Beach Boulevard in Bay St. Louis.

We hope there is a big turnout for this annual beach cleanup. This is the big nation-wide cleanup and it is hoped there will be a record number of volunteers.

Lott lauds recent WRDA passage

U.S. Senator Trent Lott said last week he is pleased with the final version of the Water Resources Development Act (WRDA), which contains several key projects related to Mississippi's water assets. The bill has been signed by President Bill Clinton.

"Much of Mississippi's economic livelihood is tied to our rivers, ports, reservoirs and aquifers," Lott said. "WRDA contains key funding that helps sustain existing economic activity dependent on these water sources and it promotes new development. WRDA also provides two of our state's localities with funds that will directly improve public freshwater and wastewater service."

The Mississippi projects include funds for the development of the Jackson County Industrial Water Supply Pipeline, a new wastewater treatment project in DeSoto County, a study on Pascagoula Harbor dredged material management, Tennessee-Tombigbee Wildlife Mitigation and funding for an effort to restore aquatic ecosystems and reef restoration at Grand Batture Island, Hancock, Harrison and Jackson counties. All Senate and House passed provisions relating to Mississippi were kept in conference. The following is a list and brief description of the WRDA provisions relating to our state:

Tunica Lake - Provides for a feasibility study an outlet to stabilize water level;

Jackson County Industrial Water Supply Pipeline - provides \$5 million credit against non-federal cost share of the project. Represents a major step toward completing this ongoing project, which will provide the county with a new water source, replacing a depleting aquifer;

Tennessee-Tombigbee Wildlife Mitigation - WRDA provides increase from \$93 million to \$93.5 million of authorization;

Pascagoula Harbor Dredging Project - Study on dredged material management alternatives;

DeSoto Wastewater Project - \$10 million wastewater treatment project authorized because the current system cannot meet existing population growth. The project could also help protect the Arkabutla Reservoir from potential contamination, which is important to protect the lake as a future source of drinking water from the despot County region;

Mississippi-wide Pilot Program - \$25 million for wastewater treatment, sewer overflow and elimination and control, water supply, environmental restoration and surface water resource protection and development projects.

Provides a low non-federal cost share for U.S. Army Corps of Engineers to assist local authorities in designing and building water infrastructure.

LETTERS TO THE EDITOR

Garbage pickup, sewer system causes loss of independence

To the Editor:

I'm 87 years old. This is the way I've got things figured.

Ever since I can remember my father had a hole in the ground where all the waste was burned or we had what we called a burn barrel.

The ashes were spread in the garden as fertilizer. After we got electricity we got plumbing with running water and toilet inside the house and a septic tank and drainage field in the lawn.

All this worked without any problems and it was a benefit to our lifestyle which we enjoyed until recently.

Now there are changes being made without our consent, such as garbage trucks pick up our garbage and haul it to the dump.

This is a service we are forced to pay for. Sewer systems are being installed. We are required to hook on and pay for this, even though we have a working septic system.

The sewer system uses

grinder pumps to grind up the solids in the sewerage, but in the septic tanks the anaerobic bacteria dissolve the solids. When it leaves the septic tank it is no longer sewerage.

It is called effluent, but it could still be toxic if there is someone in the household who has cancer or hepatitis leaving the parasites called viruses until they starve to death in the drainage field.

In the sewerage systems the chemicals they use also do not kill all the viruses at the time it is dumped in the ocean where it sometimes makes the fish sick which we eat.

I can't figure out how these new ideas can help the average person to enjoy better health even if we disregard the extra expense and our loss of independence.

I agree with Ray Smith's letter to the editor.

Bill Quandt
Bayside Park

Is this really a coincidence?

Dear Editor:

After the recent primary election, I am left confused.

Candidates campaigned on the hot issue of "no out-of-state garbage." They told me they were against a private dump in Hancock County. A private dump is one that will take out-of-state garbage.

Hancock County Solid Waste Authority is currently proposing a private dump in the buffer zone. Both the mayors of Bay St. Louis and Waveland, as well as a former mayor, who are three of the six-member authority WANT this private dump!

Two supervisor candidates, also members of the board, voted against it. Both of these candidates won in the primary election.

Could it be a coincidence that since this is not a mayors election and their names aren't on the ballot, that they want our county to become the dumping

ground of the South? Would they be so apt to allow out-of-state garbage if this was a mayoral election? I don't think so.

Is it a coincidence that the mayors don't have to listen to the voice of the people when 25 percent of the Hancock County voters signed a petition saying they were against out-of-state garbage?

The most economically feasible solution is to not have any dump in Hancock County.

Our county does not need the expense of a landfill when one already exists within a 15-mile radius. Our current hauler has agreed to take our garbage at no increase than what we are paying now.

A fact that our political entities, who were not involved in the recent election, seem to ignore.

Supervisors take plans for elevator a step further

BY ED LEPOMA

Hancock County supervisors have taken another step toward laying plans to install an elevator in the historic downtown courthouse.

At last Monday's recess meeting, District 3 Supervisor Lisa Cowand got approval to spend up to \$2,500 to have Compton Engineering come up with specifications needed to put the project out to public bid. Cowand later expanded her motion to

have Compton also look at the parking area on Cue Street on the south side of the courthouse. She wants the spaces realigned in order to accommodate the handicapped.

Cowand's suggestions came after Jeff Loftus, the county's consultant to the Gulf Regional Planning Commission, reported that some Community Development Block Grant money might be available through the Public Facilities

Act, but it would require a local match.

Cowand also asked Loftus and county Harbormaster Oliver Sahuque to work together to begin the application for the permitting process that is needed to add another boat launch at Cedar Point and add parking spaces. Coast Drafting was selected to come up with engineering specs. Later, supervisors also authorized three more overhead lights for the

Cedar Point area.

Sahuque told supervisors he needed help cleaning up the litter at the boat launch and picking up trash at the recently opened county Marina off Pleasure Street in Lakeshore. The Sheriff's office will be asked to provide inmate labor, and county crews will be used to control weeds.

In other business, supervisors concurred in Port and Harbor recommendations to purchase a mobile rail car mover to assist the car wash area at Port Bienville. Address Engineering Associates, Inc., of Mobile, Ala., was the apparent low bidder at \$120,689, and

supervisors awarded the contract subject to the review of county attorney Gerald Gex.

P&H Executive Director Hal Walters told supervisors the Commission also had approved the payment of its \$25,000 deductible in order to settle some claims made by property owners, who suffered damages in a May 14 fire caused by sparks from a train leaving the industrial park.

After hearing complaints from a Shoreline Park resident, District 5 Supervisor Philip Moran said he will have Road Supt. Roger Ladner look at conditions on Bayou View Drive. Lamar Hill complained he

has been living on the road for 11 years, and it was not included in the recent paving project. He said mail carriers won't deliver and school buses won't pick up children because the dirt road is in such terrible shape.

Before adjourning, supervisors accepted the resignation of Bill Quinn as part-time zoning enforcement officer with the county Planning Commission. Quinn cited personal reasons.

Supervisors will meet again Sept. 30, which officially marks the end of the current fiscal year.

Arena officially opens

BY ED LEPOMA

There's two more days of celebrating ahead as Hancock County shows off its new Equine and Livestock Arena.

Festivities get underway this evening with the opening of arts and crafts and home-making exhibits, a silent auction and a Halter Horse Show.

Friday evening, beginning at 5:30 p.m., members of the Equine and Livestock Facilities Board gather to officially cut

the ribbon, along with Hancock County supervisors and other dignitaries. The new covered arena is located off the Kilmelise road.

But, there are many events scheduled Friday before the official ribbon-cutting. Friday is School Field Day beginning at 8:30 a.m. with a 25-yard dash, a potato race, a three-legged race, a 50-yard dash and a sack race.

There will also be judging of poultry, rabbits, arts and crafts,

jellies, jams and homemade exhibits. A goat show, a hog show and a beef show are also on the schedule.

Saturday will start off with a fly-in of hot air balloons, and will climax with an old-fashioned political rally featuring statewide and local candidates, and Bluegrass music.

Admission is free, but folks are advised to bring folding chairs since bleachers have not yet been constructed.

Hearing set on plant

BY ED LEPOMA

The Harrison County Board of Supervisors plans a public hearing sometime in October that might decide the fate of an aggregate plant, which has been the subject of complaints by area residents.

Supervisors voted unanimously Monday to set a public hearing to hear complaints about the Vulcans Materials Plant, which went on line recently in the county's Industrial Park off Espy Avenue in western Harrison County.

The company, owned by Conrad Yelvington Distributors, Inc., of Dayton, Fla., began operating in August on an 18-acre tract of land without an actual deed. It wants to swap 12 acres of land it owns and deed it to the Harrison County

Industrial Development Commission, but the proposed land swap is also on hold.

And, also on Monday, the U.S. Corps of Engineers ordered Vulcans to stop clearing its land because wetlands are involved.

Residents nearby have complained about noise, pollution and traffic generated by the new plant, which distributes crushed rocks, aggregate and limestone.

They have also charged that the plant's operations have polluted waters in nearby Bayou Johnson, and have asked the state Department of Environmental Quality to investigate.

In an effort to appease residents, the plant recently cut back hours of operation from 6 a.m. to 6 p.m. and is making

efforts to buffer the area and cut down on the amount of dust that is generated by trucks going in an out of the site.

At Monday's meeting, outgoing District 3 Supervisor David LaRosa said the company should have finalized an agreement with the Industrial Park Commission before it opened and began operating.

"If we had a chance to look at this earlier, I don't think we would have allowed them to operate," said LaRosa.

County records show that the permit office issued a building permit to Jimmy Levens, a Long Beach alderman and contractor, to build the plant.

At the October hearing, supervisors will decide whether to let the plant continue to operate, relocate it or shut it down.

Salvation Army disaster team stand by for Floyd

Salvation Army disaster teams in three states are on standby or already in operation as they await Floyd's landfall.

After recalling 40 disaster relief workers bound for The Salvation Army's National Disaster Training Conference, which began Tuesday in Tampa, Fla., the North and South Carolina Division of The Sal-

vation Army is ready to move into hurricane-affected areas on one hour's notice.

In Georgia, some Salvation Army units are already operating in and around the Savannah area. Salvation Army disaster personnel are feeding at the Savannah and Brunswick airports, at the Chatham County EOC, at Chatham and Memorial hospitals and at staging areas set up at Effingham County High School and Ware County Middle School.

Salvation Army Personnel in North and South Carolina are serving as emergency management liaisons throughout both states.

The Salvation Army is a national disaster service provider. Through cooperation with state and county emergency management officials, The Salvation Army offers mobile feed-

ing, supplemental shelters, post-impact comfort stations, supply distribution, social services and other forms of disaster relief, recovery and restoration assistance.

For more information on Salvation Army relief efforts, or on how you can help, contact your local Salvation Army.

Ward 2 Aldemen Margaret Jean Kalif said the Echo erred last Thursday in a story about the Pass Christian budget. Kalif said she favored an across-the-board four percent pay raise for all city employees, but she did not propose hiring additional employees. Instead, Kalif said, she wanted to single out some senior employees for larger raises.

MPACT saves parents money on tuition

The 1999 fall enrollment for the Mississippi Prepaid Affordable College Tuition Program was "kicked off this week at Pearl Junior High School in Pearl and Bayou View Elementary School in Gulfport by State Treasurer Marshall Bennett and other state and local officials.

Ten students kicked MPACT footballs down the field at both schools symbolizing the beginning of the 1999 90-day enrollment period.

Parents of high school students can save money on college tuition by enrolling in the Mississippi Prepaid Affordable College Tuition plan (MPACT), according to Treasurer Bennett.

"Savings over \$1,000 can be realized by enrolling in the MPACT program," Bennett said. "Average tuition at the University of Mississippi, Mississippi State, and the University of Southern Mississippi is \$2,980 or \$11,920 for four years.

The lump sum payment of an MPACT contract purchased for a high school junior or senior during the open enrollment period (September 1, November 30, 1999, is \$10,909."

The 1999 Legislature approved an amendment that allows any friend or relative the opportunity to purchase an MPACT contract.

Previously, only parents, grandparents, or legal guar-

diants could purchase MPACT contracts. In addition, MPACT contracts can now cover five years of tuition, and 18-year-olds are now eligible to be beneficiaries, providing they are not yet attending college.

Bennett made note of statistics gathered from the 1998 enrollment period.

- Nearly 10,000 contracts from all across Mississippi have been purchased

- Parents purchased 76.79% of contracts

- Grandparents purchased 17.04% of contracts for their grandchildren

- Parents of 1st - 4th grade students purchased 27.34 %

- Parents of Grade K and under purchased 35.56% of contracts

- 60.91% of contracts were for 4 years at universities in the state

- Junior college/university combinations comprised 33.83% of contracts

- Minority families purchased 6.34% of contract

The 1999 enrollment period opened September 1 and will close November 30, 1999.

For more information about MPACT contact our office @ 601.359.5255 or call MPACT toll free 1-800-987-4450. The Treasury web page address is: www.treasury.state.ms.us.

Community Coffee announces Cash for Schools program

Community Coffee Company is offering up to \$250,000 to schools through the Community Cash for Schools" program for 1999-2000 school year.

The Community Cash for Schools program, now in its eleventh year, is an educational support program open to public, private and parochial schools (K-12) in Community Coffee's markets.

Participating schools will receive checks from Community Coffee in the next millennium by March 15, 2000.

"We want to help as many schools as we can through this program. Community Coffee is

committed to education and we are happy to share our success with local schools," said Jack Kerigan, director of marketing for Community Coffee Company.

Every school that participates earns money. This year, Community Coffee is also offering a one-time Cash for Schools bonus. We will give schools 100 UPCs for participating in the program. It's that simple, here's how the program works:

- *Students, parents and teachers collect UPC labels (bar codes) from all Community products and turn the UPCs in to their school. Products are available at these locations:

Grocery and convenience stores: Coffee, tea and related products

Restaurants, hotels, offices and businesses: Special high-value UPC labels are available on the boxes of coffee delivered to these locations.

CC's Gourmet Coffee House: Special high-value UPCs are also available at our coffee houses. Ask staff for details.

- *Schools then submit the UPC labels to Community Coffee by January 15, 2000 for redemption and a check is issued to schools by March 15, 2000.

- *Each Community UPC label

is worth up to 15 cents. The value of each UPC is dependent on the total number of UPC labels sent to Community Coffee Company. Community Coffee will give away up to \$250,000 in this year's program.

Last year, the average school earned 49% more money than the previous year, with 20 schools earning checks over \$1,000. This year, Community Coffee is accepting UPC's for redemption September 1, 1999 through January 15, 2000.

For more information about Community Cash for Schools, call 1-800-535-9149 or visit the Community Coffee website at www.communitycoffee.com.

Students to honor police officers

Students across Mississippi will be showing their appreciation to local and state law enforcement officers September 20 - 24 as they observe Police Appreciation Time (PAT).

Sponsored by the Mississippi Division of Public Safety Planning, PAT is designed for elementary through college age students to implement activities and voice their support for efforts of law enforcement officers in helping to make state roadways safer.

"We believe that PAT will let law enforcement officers know that students appreciate their enforcing driving under the

influence (DUI), safety belt and other roadway safety laws," said Shauna Singleton, Public Safety Planning's youth programs coordinator.

"The campaign also should help students to become better acquainted with law enforcement officers and feel that they can ask for these officers' help with school or community activities that promote safe, drug-free lifestyles."

Ron Sennett, the division's executive director, noted that "even though law officers put their lives on the line for the safety of our citizens, they, far too often, do not receive the

appreciation they deserve.

PAT should help to remedy this unfortunate situation. The Division of Public Safety Planning offered the following suggestions in observing Police Appreciation Time:

- Make "thank you" posters to hang at law enforcement stations.

- Make "thank you" cards for each officer.

- Deliver candy, baked goods or other snacks to law enforcement stations.

- Wash patrol vehicles on Saturday.

- Invite officers to visit schools as special guests.

Coast students participate in USM Academically Talented program

Six students from the Gulf Coast area participated in the 10th annual Summer Program for Academically Talented Youth at the University of Southern Mississippi.

The students were enrolled in the three-week residential program, which was offered in conjunction with Duke University's Talent Identification Program.

To participate, they had to score as well as or better than entering college freshmen on the SAT or ACT tests.

In all, 77 students from nine states participated in the USM program.

Coast area students who participated include:

Pass Christian

Anne Elise Bradley, 13, an eighth-grade student at Our Lady Academy. The daughter of Tim Bradley and Dr. Leigh Ann Bradley, she studied creative writing.

Ariel Cummins, 13, an eighth-grade student at Pass Christian Middle School. The daughter of Rebecca and

Thomas Ruspoli, she studied human anatomy and physiology.

Orrin Cummins, 16, an 11th-grader at Mississippi School for Mathematics and Science. The son of Rebecca and Thomas Ruspoli, he studied human

anatomy and physiology.

Waveland

Morgante to head IRS in Gulf Coast district

Richard J. Morgante will be sworn in Sept. 28 as the district director for the Gulf Coast District which encompasses Alabama, Louisiana and Mississippi.

His responsibilities will include administering the collection of nearly \$43 billion in federal taxes annually from more than 7.7 million individual, corporate and other taxpayers.

The IRS employs about 1,600 people in the Gulf Coast district and has 22 offices districtwide.

Morgante began his IRS career in 1975 as a taxpayer service representative in Syracuse, N.Y. He then served as a collection revenue representative before being promoted to chief of that section.

In 1979, Morgante was selected as a management analyst in the Resources Management Division in Buffalo, N.Y. He transferred to the national

office in 1982, holding management positions in Resources Management and Information Systems before being appointed as director of the Planning, Budgeting and Review Staff in 1989.

In 1992, Morgante was selected for the IRS Executive Development Program. Upon completion of the program, he served in several executive positions before being named the national director for budget in 1995. Morgante became the assistant district director of the Los Angeles District in July 1998.

A native of Buffalo, N.Y., Morgante holds a bachelor of arts degree in philosophy and theology from St. John Vianney Seminary in East Aurora, N.Y. and a certificate in public administration from the University of Southern California.

Medical facilities merge

Gulf Coast Medical Center and its parent company, Tenet Healthcare Corporation, have joined forces with Columbia Garden Park Hospital and Biloxi Regional Medical Center, becoming part owners of Coast Healthcare Alliance (CHA), one of the largest managed care organizations on the Coast.

Glenn Carney, director of CHA, said the addition of Gulf Coast Medical Center brings three premier hospitals on the Coast together, all working toward a common goal.

"With this managed care organization," Carney said, "Garden Park, Biloxi Regional and

now Gulf Coast Medical Center are all working together to make cost-effective health care a reality for the Coast."

The newest member of the CHA team, Gulf Coast Medical Center is a 144-bed acute care facility which includes Gulf Oaks Hospital, a 45-bed behavioral and chemical dependency facility.

CHA, first developed in 1994, includes more than 190 physician members and provides comprehensive services including diagnostic, medical, surgical and psychiatric treatment for patients in Mississippi, Alabama and Louisiana.

Farm -- inmate facility closing down

Continued from Page 1A

departments were working on operating budgets for the coming year.

Peterson estimated the annual cost of operating the farm at \$30,000, but said the livestock and crops raised at the farm also cut down on food expenses for prisoners.

"It was also the time to plant the winter crop" said Peterson, "so we needed to decide what to do."

The Sheriff said the hogs that were ready to be slaughtered would go to market, and he was making arrangements with Harrison County to take some livestock.

Peterson, who was first elected sheriff in 1980, started the farm in 1983 as an effort to cut down inmate's food expenses, and teach some trustees a trade. Besides livestock and vegetables, there are also two catfish ponds located on the farm. The ponds supplied the

county jail with about 1,000 pounds of catfish filets per year.

Peterson said crews began draining the catfish ponds this week. "Because the fence is coming down, we thought the ponds would be a safety hazard," he said. The edible fish will be taken to the county jail, he added.

In other business, supervisors held a public hearing on a petition filed by residents of Jourdan River Shores to force a property owner on Chickasaw Street to clean up his property.

The property owner's Association complained that junk was piled up on a lot owned by Thomas Runnels, and at the last meeting, supervisors asked Runnels to begin cleaning up his property.

Supervisors gave Runnels 30 days to begin clearing his lot or the county will have it done, and attach the cost to his property tax bill. Three other prop-

erty owners were also put on notice they have 30 days or the county will take action against them.

Supervisors were confronted by employees from the county Tax Assessor's Office. They complained that outgoing assessor Eddie Murtagh has the funds in the budget to give his staff pay raises of \$1 an hour, but super-

visors have left the amount of any increase up to individual department heads.

The employees said they were losing experienced co-workers to the casinos.

Supervisors listened to their pleas, but took no action on their request for an across-the-board \$1 an-hour increase.

1984-85; second vice-president 1986-87; and president 1987-88.

Moran also served as chairman or committee member of the following Department committees: National security, finance, membership, junior membership, girls state, leadership, legislative, constitution and by-laws, distinguished guest, veterans affairs and rehabilitation and director of Magnolia Girls State five years.

The Bay Auxiliary member on a the National level has served on the National Executive Committee 1989-90, Alternate NEC 1989-90, and Member Children and Youth committee 1988-89.

She is a Past Chapeau Salon 218 and Past Departmental Secretair of the 8 & 40.

Moran if the first member of Bay St. Louis American Legion Auxiliary Unit member to hold a national office.

Under the "Celebrate America 2000" theme, National

President Elizabeth "Lib" Stewart of Kings Mountain, North Carolina, will lead the organization into the next millennium. The major projects for the year will be Unit Revitalization, continuation of the World War II Memorial fund raising, Taste of the NFL, commitment to Legion Family programs, Junior involvement, the Flag Protection Amendment, and promoting patriotism. Her special project is Breast Cancer Awareness.

Other members attending the American Legion and Auxiliary's National Convention in Anaheim from the Bay American Legion included, Billie Moran, John and Lou Wilkerson, Janet Aime, Elaine Cowie and Billie Tudor.

Phyllis Moran was honored at the convention in receiving the National Veterans Affairs and Rehabilitation Award for outstanding leadership.

The Convention included the

annual Convention parade through the streets of Anaheim.

Washington Attorney General Christine Gregorie was honored with the prestigious Woman of the Year award during a special luncheon. Ms. Gregorie was recognized for her efforts in protecting children from abuse and neglect and targeted tobacco marketing; advancing victims premiere programs, and defending the rights of the elderly. She is also an alumnae of the auxiliary's premiere program, Girls State. She was presented the award by Auxiliary President Virginia Hobbs of Radcliff, Kentucky.

Other special guests at the convention included The Honorable Togo D. West Jr., Secretary of Veterans Affairs, The Honorable Robert Mallett, Deputy Secretary of Commerce, and John Herrling, Major General USA (Ret.) of the World War II Memorial.

Phyllis Moran's other activi-

ties include, selected for Leadership Gulf Coast 1991-92; served on the Gulf Coast Chamber of Commerce working with education, membership and the ambassadors committees. She retired from AT & T in 1984 and was executive director of the American Cancer Society 1988-94.

Moran is eligible for the American Legion Auxiliary through her husband Bill, who served in the U.S. Navy during Vietnam. She is a member of Our Lady of the Gulf Catholic Church, Bay St. Louis.

They are the parents of one daughter and two grandchildren.

Budget -- Waveland

Continued from Page 1A

New equipment will be purchased for the Public Works Department, including two bush hogs, a dump truck, a bulldozer and other smaller items, such as lawn mowers and weed eaters.

Funding is also provided for a new Public Works department warehouse to store the new equipment.

Longo said improvements will continue on water and sewer projects on Hwy. 90 and Coleman Avenue, and drainage improvements are planned in 10 areas of the city.

Also in the works is the widening of Nicholson Ave. to the beach, and drainage improvements, including curbing, will be added in order to bring Nicholson up to Department of Transportation standards.

Funds were also allocated for the hiring of three more grass cutters, an additional building inspector, one more fireman and police officer and to raise the entry-level pay for firemen.

Because the budget does not include any plans for new long-term debt, Longo said state and federal grants will be used to assist with improvements, including the renovation of the old Civic Center complex on Coleman Avenue.

This project includes renovations to the park, library and Civic Center, and will officially kick off Oct. 23 with a "Make A Difference Day" celebration. The park will also be made accessible to handicapped children.

Also included in the budget are funds to increase the number of "neighborhood parks" in

the city.

Improvements will continue at the Garfield-Ladner Pier, with an extension of the pier, the construction of a bait shop and parking lot improvements.

All projects are part of a city-wide beautification program that Longo is spearheading.

been turned over to DMR.

Total funding for projects in Hancock County and Pass Christian include: \$100,000 for Bay St. Louis urban waterfront improvements; restoration of East Beach Harbor bulkhead "and others" in Pass Christian, \$200,000; phase two of work at Bayou Caddy Marina, \$75,000; expansion of Cedar Point Boat Launch, \$50,000; Clermont Harbor Pier, \$50,000; and phase three of the Waveland Public Marina project, \$100,000.

Other revenues that will benefit the entire Gulf Coast include \$100,000 for beach monitoring by DMR and Department for Environmental

Quality and \$996,925 for DMR marine studies and project initiatives, as well as \$100,000 for artificial reef development.

Also on Monday, U.S. Sen. Trent Lott, R-Pascagoula, announced that Pass Christian and Long Beach would receive a total \$681,200 toward upgrading harbor and public safety infrastructure from the U.S. Department of Commerce, Economic Development Administration.

"In Pass Christian, \$500,000 will be used toward the rebuilding and expansion of the concrete eat pier or bulkhead ... of the Pass Christian Small Craft Harbor," Lott said. "This bulk-

head supports the road which gives access to supply service businesses which serve the area's commercial fishermen."

The city of Long Beach has also been awarded \$181,200 for use toward upgrading the city's public safety building, Lott said.

"This funding will help upgrade some key community assets in Pass Christian and Long Beach," Lott said in the release. "Quality brick and mortar facilities make up an essential part of any community, and this award will help improve two important structures."

Pass -- no raises

Continued from Page 1A

ing the city's present carrier, AH&L (American Lifecare). He said most carriers were being very cautious. "They cannot offer quotes at this time because of pending claims and the history of claims," Murphy said.

Murphy called the dilemma "a temporary setback," and said the problem could be resolved once a major claim was settled.

Murphy advised the city to remain with AH&L for at least

three months, when a pending claim might be resolved, and he would again go out for quotes.

With the insurance problem out of the way, McDonald asked for a motion to approve the proposed budget without the pay raises, but Kalif said, "I won't support any budget that doesn't support a raise for city employees."

And, Ward 3 Alderman Michael Antoine questioned why there was \$18,000 in the

budget for a new patrol car for the harbor and for two new dump trucks for Public Works.

McDonald said the harbor was in dire need of a new vehicle, but he would try to get the two dump trucks to Harrison County.

The mayor said yesterday that the city will re-evaluate the pay raise situation in 90 days, and if the city obtains cheaper rates, "I'll be the first to recommend them."

SPORTS

28-THE SEA COAST ECHO—THURSDAY, SEPTEMBER 16, 1999

The Bob Harmon Football Forecast

Sunday and Monday, Sept. 19-20
(Sunday) ****CINCINNATI 17-SAN DIEGO 13**

The Bengals ended the Chargers' three-game series winning streak the last time they met, in 1997. If new S.D. coach Mike Riley has the offense working again, this pick will be very wrong.

DENVER 35 **KANSAS CITY 14

Winners of five of their last six against the Chiefs, the Broncos swept K.C. for the first time since '91 last year, 30-7 and 35-31. The Chiefs are back to basics; Denver is beyond them.

GREEN BAY 24 **DETROIT 21

This result will be an upset: The Lions have all but owned the Packers in Detroit, beating them five times in the last six seasons—27-20 in '98, as Barry Sanders scampered for 155 yards.

JACKSONVILLE 28 **CAROLINA 12

In '96, the only time these two clubs faced off, the Jaguars won 24-14—and that was before Carolina fell on hard times. This will be too big a test too early for the rebuilding Panthers.

****MIAMI 32-ARIZONA 17**

The Cardinals are 0-for-7 against the Dolphins, getting pummeled by them most recently three years ago, 38-10. Arizona had a soft schedule last year; starting this week that all changes.

****MINNESOTA 26-OAKLAND 19**

With a secondary that made one of the most dramatic turn-arounds in NFL history in '98, the Raiders can stay close if the Vikings put the ball up. Minnesota won last, 16-13 three years ago.

****NEW ENGLAND 22-INDIANAPOLIS 20**

This series has been all Patriots since '96. Last year N.E.'s defense picked off five Peyton Manning passes in 29-6 and 21-16 wins. Manning is learning fast, though, so this could be good.

****N.Y. GIANTS 20-WASHINGTON 10**

In their first '98 matchup the Giants turned three late Redskins turnovers into TD's and won 31-24. In the rematch, Washington's D dominated and it was 21-14 'Skins. N.Y. must run to win.

N.Y. JETS 25 **BUFFALO 18

After three straight sweeps by the Bills, the Jets turned the tables last year, beating Buffalo 34-12 and 17-10 as Vinny Testaverde threw five TD passes. Can he outplay Doug Flutie again?

PITTSBURGH 14 **BALTIMORE 9

The Steelers have lost only once to the Ravens in three seasons. In '98 Pittsburgh took advantage of countless Baltimore mistakes, winning 20-13 and 16-6. The Steelers must throw to win.

****SAN FRANCISCO 34-NEW ORLEANS 13**

Speaking of series domination, the 49ers have won six in a row and 10 of their last 11 games against the Saints—31-0 and 31-20 last year, on the strength of seven Steve Young TD passes.

SEATTLE 19 **CHICAGO 16

Contests like this one give forecasters fits, because both clubs are rebuilding and they haven't met since '90. The Seahawks defense, better than its stats in '98, looks ready to step up.

TAMPA BAY 21 **PHILADELPHIA 6

At their best on the ground, the Buccaneers will grind it out against the Eagles, who are at their best when defending against the pass. And don't expect Philly to score against the T.B. D.

****TENNESSEE 27-CLEVELAND 14**

This series had a 26-year back-and-forth history before it was interrupted at the end of the '95 season, after the Titans, as the

Oilers, won last, 37-10. Look for balls to fill the air.

(Monday) **ATLANTA 24 **DALLAS 17**

A battle of confidence: The Falcons want to prove they weren't a fluke in '98, while the Cowboys still wonder about their late-season collapse last year. They last fought three years ago.

(Open date: St. Louis)

College Highlights for Sept. 18

Florida fans couldn't ask for a bigger weekend, with huge games in Gainesville, Miami and Tallahassee. In the first of two near-tossups, the Tennessee Volunteers visit Florida, hoping to make it two in a row over the Gators after beating them for the first time in six seasons in 1998.

Last year in Knoxville, Tenn., the Vols, then ranked sixth, upset No. 2 Florida 20-17 on Jeff Hall's 41-yard field goal in overtime. Gators kicker Collins Cooper failed to extend the OT when he missed a 32-yard attempt, capping Florida's sloppy effort. Corralled by a Tennessee defense that sacked Gators QB's five times, Florida turned the ball over four times and was held to -13 yards rushing. This time the Gators will squeak by.

The other close-your-eyes-and-throw-a-dart pick is Penn State at Miami, in which we're picking the Hurricanes in an upset. Nobody expected Miami's shocking win over Ohio State three weeks ago, and the 'Canes will be sky-high. In a series Miami leads 6-5, these teams last met in 1992, when the 'Canes beat the Nittany Lions 17-14. At home, Miami by two.

Speaking of shocks, North Carolina State gave one to Texas in late August, which no doubt reminded a few Florida State faithful of last year's stunning 24-7 Wolfpack win over the Seminoles in Raleigh, N.C.

The rematch on Saturday in Tallahassee won't look much like that game, one of the biggest upsets of the '98 season, in which the N.C. State defense intercepted six Chris Weinke passes and held second-ranked F.S.U. scoreless for three consecutive quarters (the second, third and fourth), the first time any team had managed that in 10 years. Wolfpack coach Mike O'Casey used the word "miraculous" more than once to describe his team's effort, but we won't hear him say that this weekend.

There are more potentially great games. We're going with Syracuse in an upset at the Carrier Dome over Michigan, even though the Wolverines want this one so bad they can taste it. A year ago in Ann Arbor, Mich., the Donovan McNabb-led Orangemen embarrassed Michigan 38-28 in front of the largest crowd in college football history, just over 111,000.

In South Bend, Ind., Notre Dame should have its hands full with the Michigan State Spartans, who blew away the then-10th-ranked Fighting Irish last year, 45-23, jumping out to a 42-3 half-time lead and grinding out 451 yards of offense. And don't overlook Air Force at Washington, a rematch of last season's Oahu Classic Bowl, won by the Falcons, 45-25.

Wildcats trip to 0-2

BY JOSEPH W. GEX II

East Mississippi Community College routed the Pearl River Wildcats 35-3 in Poplarville on Thursday, September 9. East Mississippi running back Sammy Brooks rushed 21 times for 124 yards to lead the charge against the Wildcats.

PRCC committed five turnovers in the game to aid in the loss.

Freshman placekicker Jack Byrd of Picayune scored the only points for the Wildcats. Byrd connected on his first collegiate field goal at a distance of 21 yards with 1:52 left in the first period to make the score 7-3. That was as close as the Wildcats would get.

East Mississippi went on to score 35 unanswered points.

The Wildcats will host Mississippi Delta in Poplarville on today.

Rocks, Tigers look to stay on winning track

BY JOSEPH W. GEX II

The Bay High Tigers and the St. Stanislaus Rock-a-chaws were both winners on Friday, while the Hancock Hawks fell in the waning moments of the game.

The Bay High Tigers came from behind to defeat the Vancleave Bulldogs 21-20 in Vancleave. The Rocks won an all-out offensive brawl with the Long Beach Bearcats 25-21. The Hancock Hawks dropped a close game with the South Jones Braves 29-21 in Kiln.

The Bay High Tigers are quickly becoming Hancock County's version of the "Cardiac Kids." For the second week in a row, the Tigers came from behind late in the game to defeat their opponent. The week before, the Tigers stole the game from the Bearcats with about a minute remaining. Last Friday, the Tigers snatched victory from the Bulldogs with just four seconds remaining.

The Tigers outscored the Bulldogs 21-6 in the second half to win the ball game. Bay quarterback Ty Barrett was again, the catalyst as he hit Ronald

Brown for a two-yard scoring pass with four seconds left to tie the game at 20-20. Placekicker Timmy Wright converted on the PAT to give the Tigers the win for the second week in a row. Against the Bearcats a week earlier, Wright connected on a field goal to beat Long Beach.

The Tigers are 2-1 following the win against the Bulldogs and will host the Poplarville Hornets on Friday night at Joe D. McCullough Stadium. Bay St. Louis.

The Tigers need to keep Barrett, Brown, and the offense on the field to take the sting out of the Hornets. Against the Bulldogs, Brown rushed for 90 yards on 12 carries to bring his yearly total to 296 yards on 44 carries. Barrett completed seven of ten passes for 138 yards and rushed for 70 yards on 13 carries.

Defensively, the Tigers will be led by Adam Barrett who recorded 18 tackles against the offensive-minded Bulldogs. Chris Ray added 12 tackles followed by Bert Hopgood with nine tackles.

The Rock-a-chaws went

head-to-head with one of the most potent offenses on the Coast in Long Beach and came out on top. Jason Santiago, Kris Cannon, and Grady Willis led the Rock attack that put up 25 points to Long Beach's 21 points.

Santiago had a career night passing for 262 yards while completing 18 of 27 passes. Cannon rushed 32 times for 166 yards and a score to bring his yearly total to 443 yards on 88 carries. Willis, in his first year of football, hauled in nine passes for 109 yards and a score.

On the defensive side, Stephen Peterman batted away three Mickey D'Angelo passes at the line in crucial situations for the Rocks. Cameron Byrne, Hunter Dawkins, Helder Lombo, and D'Mitri Sofianos all contributed to stopping the Bearcats along the way.

The Rocks win against the Bearcats broke an eight-year drought against Long Beach. The Rocks will host the D'Iberville Warriors 'in between the walls' on Friday night. The Warriors will bring a well-balanced team to Bay St. Louis led

by double-threat quarterback Raymond Barnes. The Rocks defense will have to stifle the Warriors' attack and allow Cannon, Santiago, and Willis to work their magic.

The Hancock Hawks dropped a close one in Kiln last Friday to the Braves of South Jones 29-21. The Hawks fumbled a snap in their endzone with 16 seconds left and the Braves recovered for the winning score. The Hawks played with great effort and determination but the big play by the Braves marred the loss.

Just before the fumbled snap, the Hawks had a big play of their own that would have sent the game into overtime. Hawk defensive back Chris Goff intercepted a Brave pass at his own three yardline.

The Hawks will travel to Ocean Springs Stadium to tangle with the struggling Greyhounds on Friday. The Hawks need to put this tough loss behind them and face the Greyhounds, a team they know they can beat.

All games are slated for 7:30 p.m.. See you at the game!

SSC, Pass win in junior high action

BY JOSEPH W. GEX II

The Pass Christian Pirates stomped North Woolmarket 42-0 in junior high football action last week.

The Pirates started their scoring rampage with a 68-yard run in the first quarter. The two-point conversion by Ledel Johnson was good, giving Pass Christian an 8-0 lead.

Dwayne Martin added a

score on a 20-yard pass from Jessie Carter later in the first quarter. The conversion failed leaving the score at 14-0.

Carter returned an interception 55 yards for a score in the second period. The conversion failed making the score 20-0.

Brown added his second score of the night on a 32-yard run just before halftime making the score 26-0.

Chuckie Woods scored from seven yards out while Larry Lee added the conversion. The score was now 34-0.

Carter returned his second interception of the night 40 yards for the score. Woods scored the conversion making the final score 42-0.

The Pirates are undefeated at 2-0 on the season. The St. Stanislaus Rock-a-

chaws got their first win of the season in junior high football last Tuesday. The Rocks defeated the St. John Eagles 12-8.

Darius Acker scored both touchdowns for the Rocks in the win. Acker scored on runs of 64 and 48 yards.

The Rocks improve to 1-1 on the season.

Kick for Kids' Sake fund raiser

When Doug Brien kicks a field goal for the New Orleans Saints, not only is he helping his team win, but he is also helping Big Brothers Big Sisters of Southeast Louisiana (BBBS) win through a fundraiser called Kick For Kids' Sake.

Every time Brien kicks a field goal during a regular season game, Winn-Dixie donates \$500 to Big Brothers Big Sisters.

In addition, families can play along and pledge their support for Big Brothers Big Sisters. Pledge banks are available at the courtesy, counter of all Winn-Dixie store locations throughout Louisiana and the Mississippi Gulf Coast.

Boat U.S. Foundation continues life jacket loaner program

During the first six months of 1999, the Boat U.S. Foundation for Boating Safety distributed more than 2,000 free life jackets to community organizations, marinas, TowBOAT/US marine assistance companies and several state organizations as part of its Life Jacket Loaner Program.

The Life Jacket Loaner Program has provided more than 7,000 life jackets in various sizes to children since the program began in 1997.

"Children 12 and under are especially at risk on and near the water. Wearing a life jacket that fits can mean the difference between life and death for a small child," said Ruth Wood, director of the Boat U.S. Foundation.

Organizations interested in participating in the Life Jacket Loaner Program should call the Foundation at 703-823-9550, ext. 3200.

An online application and a listing of participating locations where life jackets can be borrowed can be found on the Boat U.S. Foundation's Web site www.boatus.com/foundation.

The Boat U.S. Foundation for Boating Safety is a non-profit education and research organization funded by voluntary contributions from the 500,000 members of Boat U.S., the world's largest organization of recreational boaters.

Each time Brien makes a field goal, children are encouraged to place their donation in the pledge bank. At the end of the season, every child who has collected money will turn in his or her bank at a free grand finale party held at Celebration Station on Jan. 5, 2000.

The child who raises the most money wins a dinner with Brien, and drawings will be held for other prizes such as Saints autographed memorabilia, gift certificates and more.

The free party will include games, food, and the chance to meet Brien and other Saints players.

Founded by Brien, Kick For Kids' Sake raises money for Big Brothers Big Sisters by securing corporate sponsorships and individual pledges. This marks the third year of Winn-Dixie's sponsorship.

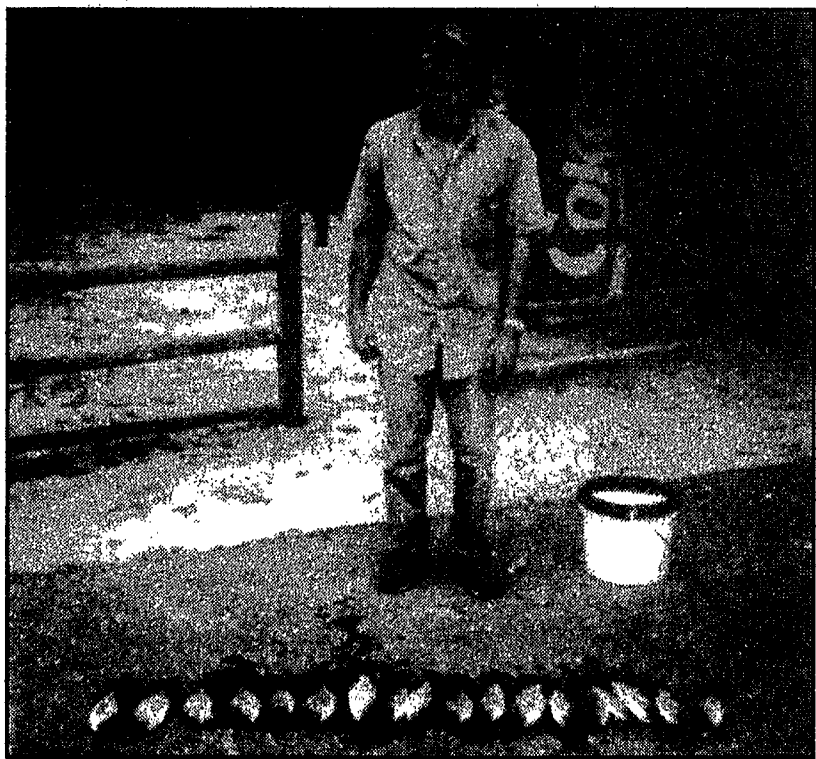

"We appreciate the continued support of Doug Brien, Winn-Dixie, and families who participate in Kick For Kids' Sake," said Dolores Medina-Whitfield, executive director, Big Brothers Big Sisters.

"Monetary donations make it possible for us to fund activities for children and their volunteer sponsors. These activities create opportunities for the children

enrolled in Big Brothers Big Sisters to benefit from the time and attention of a caring adult.

Winn-Dixie Stores, Inc. is one of the nation's largest supermarket retailers with approximately 1,180 stores in 14 states and the Bahamas.

Mississippi/Louisiana panel to discuss habitat issues of concern

A panel of concerned representatives of Louisiana/Mississippi recreational and commercial fishing groups, conservation organizations, academia, and state and federal resource agencies will gather at the New Orleans Airport Hilton, 901 Airline Hwy., New Orleans, on Sept. 23 at 9 a.m. to review and discuss fishery habitat issues.

The Louisiana/Mississippi group is part of a three unit Habitat Protection Advisory Panel (AP) of the Gulf of Mexico Fishery Management Council (council). The principal role of the advisory panels is to assist the Council in attempting to maintain optimum conditions within the habitat and ecosystems supporting the marine resources of the Gulf of Mexico.

Advisory panels serve as a first alert system to call to the Council's attention proposed projects being developed and other activities which may adversely impact the Gulf marine fisheries and their supporting ecosystems.

The AP will discuss revision of the Council's Habitat Policy to include Essential Fish Habitat (EFH) provisions, an update on EFH assessments in Council FMP amendments, an update on the status of the EFH lawsuit, review of the Turkey Creek Development project in South Mississippi, and update on the Broadwater Casino expansion.

To receive a copy of the agenda, call 813-228-2815.

The meeting is open to the public.

Herrington captures final race of the 99 season at Sun Coast

Mike Herrington of Baton Rouge claimed his second win of the season at Sun Coast Speedway Saturday night, but not without a stiff challenge from Kelly Angelette of Thibodaux.

Herrington shared the front row starting position with Tim Guidry of Houma as the green flag dropped for the start of the Cajun Sprint feature.

Guidry lead for a couple of laps before Herrington and Angelette moved past to begin their battle for the win. Guidry also fell victim to a flat on the rear of his race car and had to pit, giving the second spot over to Butch David. Herrington was unable to shake loose, from Angelette even as the two moved through lap traffic.

Herrington had a close call on the front straight when a lap car almost trapped him, but a quick move to the high side allowed him to maintain the

lead over a hard-charging Angelette.

Butch David held on to the third spot over Charles Graves of Zachary and Charles Bush of Laurel. Toby Volsin of Houma rounded out the top six finishers.

Points leader Lane Whittington had a rough night, not only having to start on the rear, but motor problems also kept him from moving into contention as he could only manage to make laps. Guidry, Herrington, and Volsin all won earlier heat races to earn the top three starting spots for the feature.

Lonnie Scarbrough had a perfect night in the Street Stock division winning both heat and feature races. Scarbrough went green to checkers in the feature for an easy win over the rest of the field. Joey Dillard held off Cherokee Boyd and Chad Lee for a second place finish.

Mike Palleou shared the front row with Donald Parker for the Pro Stock feature, Palleou and Parker ran side by side for a couple of laps before Palleou managed to take the lead. Parker was able to keep the beat on Palleou but unable to make a pass for the lead.

Mike Ladner held a comfortable lead over Jeremy Broadus and Randy Deshamp, but could not challenge Parker for the second spot. Deshamp and Jesse Underwood were both beat race winners.

Ron Tubbs won both heat and feature races in a light field of I. M.C. A. race cars, Team mate and top contender, Donald Parker blew an engine and was unable to challenge Tubbs for the feature win.

Michael McFadden also won both heat and feature races in the Rookie division. Former winner Roger Ladner kept McFadden honest as he held off

third place finisher Chip Ormen.

This was the final scheduled race for the 99 season at Sun Coast. Additional special races are pending for the months of October and November. Watch for additional information on dates and time as soon as these are determined.

Sea Wolves promote Rollerblade for Cancer

Coast elementary and middle school students will have very special visitors during the next two weeks. Members of the 1999 Kelly Cup Champion Mississippi Sea Wolves will visit many elementary and middle schools during the 4th Annual Caravan for Cancer.

An educational awareness program during which Sea Wolves players give motivational presentations to students, Caravan for Cancer promotes community awareness for the American Cancer Society fund raiser, Rollerblade for Cancer.

For the fourth consecutive year, the Sea Wolves organization has teamed up with the Cancer Society to raise money to help battle this deadly disease. Sea Wolves players will discuss with students the importance of staying in school and working hard to achieve good grades, remaining drug free and developing healthy habits such as eating nutritiously, exercising and participating in extracurricular activities.

Players also provide registration information for the 4th Annual Rollerblade for Cancer, which will be held on Saturday, October 9 at 8:00 a.m.

During Rollerblade for Cancer, school children have the opportunity to rollerblade with the Mississippi Sea Wolves hockey team along a predeter-

mined route down Highway 90 in Biloxi.

Bob Woods, Sea Wolves player/assistant coach said, "This is an event we look forward to every year. Cancer is a devastating disease that touches every person in one way or another at some point in their life, so it's a cause we are eager to help with. Skating with all the kids is something the players really like to do, and it gives them a fun break from the rigors of training camp."

Prizes, including a pair of Sea Wolves season tickets, an autographed hockey stick and roller blades, are awarded to the top money raisers. Everyone who raises \$100 or more receives a new set Rollerblade wheels, compliments of Play It Again Sports.

Registration for Rollerblade for Cancer is at Play It Again Sports in Biloxi and at the American Cancer Society located on DeBuys Road in Biloxi. The registration fee is \$10 and participants receive a commemorative T-shirt and one ticket to the Mississippi Sea Wolves home opener against the Baton Rouge Kingfish on Sunday, October 17 at 6:35 p.m.

For more information, call the Mississippi Sea Wolves at 388-6151, the American Cancer Society at 896-1506 or Play It Again Sports at 388-7638.

BSL student on USM cheerleading squad

Christopher Fryer, 22, of Bay St. Louis has been chosen as a member of the University of Southern Mississippi's varsity cheerleading squad for the 1999-2000 year.

Fryer, a junior majoring in accounting, is the son of Dianne Pressell Fryer and William Fryer Jr. of Bay St. Louis. He will serve as this year's microphone man.

The squad will cheer at football, basketball, soccer and volleyball games, as well as at pep rallies. Squad members, who are on scholarship, also hope to compete against other schools at national cheerleading competition in Florida.

September teal hunting is here

Even though daytime temperatures still linger in the 90s, hunters know that September will bring the opening of hunting season, and moderating temperatures can't be far behind, according to the Department of Wildlife, Fisheries and Parks.

Teal season is one of the first seasons to inaugurate the new hunting year. This season opened Sept. 11 and continues through Sept. 26.

This years special 16-day teal

season allows waterfowlers to hunt blue-winged and green-winged teal as they pass through on their annual migration to southern wintering grounds.

Conservation officials remind hunters that the daily teal bag limit is four, and the possession limit is eight. A possession limit is not permitted on the opening day of any season.

Since teal are migratory birds, shotguns must be plugged and incapable of hold-

ing more than three shells. Only non-toxic shot is permitted for hunting. Lead shot has been illegal for hunting waterfowl in Mississippi since 1991.

In addition to a valid hunting license, hunters 16 years of age and older must have a state and federal duck stamp signed and on their person before going to the marsh.

Shooting hours for teal are one-half hour before sunrise until sunset.

Dove season: openings and closings

For many, this past Sept. 4 was one of the most awaited days of the year - the beginning of Mississippi's first dove hunting period in the North Zone, according to the Department of Wildlife, Fisheries and Parks.

This first season of dove hunting in the North Zone will close Sept. 25 as the first dove season opens in the South Zone. The season there will continue through Oct. 16.

Shooting hours for dove are one-half hour before sunrise until sunset. The daily bag limit is 15 and the possession limit is 30. A possession limit is not permitted on the opening day of any season.

The North Zone consists of all counties excluding Forrest, George, Greene, Hancock, Harrison, Jackson, Lamar, Marion, Pearl River, Perry, Pike, Stone and Walthall counties. These 13 counties make up the South Zone.

Doves are migratory birds and are protected by state and federal laws. Hunters must have a valid hunting license, signed and on their person before going afield. In addition, shooters must have their shotguns plugged and incapable of holding more than three shells.

As far as most hunters are concerned, the mourning dove continues to be one of the most popular migratory game birds throughout the Deep South. Each year shooters in Mississippi and other Southern states take more doves than any other game bird.

During 1997-98, for example, Mississippi shooters harvested more than 1.6 million doves, according to figures from the annual mail survey of game taken. In the Magnolia State, more than 76,000 hunters enjoy this sport annually, amounting to more than 276,000 man-day of hunting annually.

The average daily take of doves is almost six birds, and the average season harvest is just over 21. That's a lot of good eating for any household.

Sea Wolves sell used equipment

The Mississippi Sea Wolves will hold a used equipment sale at the Mississippi Coast Coliseum on Sept. 23-24, from 3-8 p.m.

Equipment being sold includes adult-size pants, skates and gloves, along with a limited amount of protective equipment, goalie equipment, collectibles and pre-game warm-up jerseys. All equipment has been worn by the players.

The equipment sale will be held near the Sea Wolves office located on the southwest side of the Coliseum. Payment can be made by cash or check only.

Lady Tigers down Lady Hawks

The Bay High School Lady Tigers grounded the Hancock Lady Hawks 15-0 and 15-4 in district volleyball action Tuesday night.

Alexis Koskan was high scorer for the Lady Tigers with eight points, followed by Ashley Ponder and Megan Matthews with seven each.

Bay high won for the tenth straight contest, improving their season record to 9-1 overall and 9-0 in district play.

In the junior varsity contest, Bay High edged Hancock 16-14 and 15-5. Kendra Reed and Christina Mueller were high scorers for Bay High with nine points each. The team is 8-2 on the season.

Kandace Boos was high scorer for the Lady Hawks.

Bay High will face the Lady Admirals at Gulfport tonight. The game will be played at Central Middle School beginning at 6 p.m.

OLA stops Long Beach

Our Lady Academy defeated the visiting Long Beach Lady Bearcats 15-0 and 15-8 Tuesday night in high school volleyball.

Jodie Myers scored 13 points as the Crescents upped their record to 8-2 overall and 6-2 in district action.

In the junior varsity game, Long Beach won 15-8 and 15-12. Keith Puckett and Katherine Milner had seven and six points respectively. The team is 7-3 on the year.

Bowtell returns to Sea Wolves

BY JOSEPH W. GEX II

The 1999 ECHL Champion Mississippi Sea Wolves have resigned center Cody Bowtell for the 1999-2000 season. Bowtell, in his third season of pro hockey scored 18 goals and 24 assists for the Sea Wolves last season. However, on Jan. 30, 1999, Bowtell suffered a broken wrist against the Pee Dee Pride.

The injury sidelined him the rest of the regular season. He returned to the team during the playoffs and scored three goals and four assists.

Bowtell will head to the training camp of the Lowell Lock Monsters in Massachusetts to train under the direction former Sea Wolves head coach Bruce Boudreau.

The Mississippi Sea Wolves will begin their season on Oct. 16, when they travel to Baton Rouge to take on the Kingfish. They will open their home schedule the following night in the Wolves Den at 6:35 p.m..

Take A Night Out

Casino Magic Bay St. Louis

Seven is Casino Magic Bay St. Louis' lucky number in September. Not only is it the casino's 7th anniversary, Casino Magic Bay St. Louis is celebrating the 1970s as part of their countdown to the millennium.

Guests may register for the "Movin' & Groovin' RV Giveaway all month long, and can stop by the Magic Money Players Club to pick up a free entry and to find out how to earn additional entries.

If that's not enough, how about the wacky antics and music of Vince Vance and the Valiants playing for free on Labor Day? Or, you can just simply "shake, shake, shake it" with KC and the Sunshine Band on the Casino's anniversary, September 30.

The week leading up to the anniversary celebration is packed beginning with a \$7,000 Slot Tournament (entry fee of \$20) on Monday, September 27.

Entry fee includes a special entry gift, a Cafe Magic coupon, a \$39 room rate (must be booked in advance with VIP) and a chance to win your share of \$7,000.

Registration is from 12 to 5 p.m. in the front of the main lobby the day of the tournament.

On Tuesday, September 28, guests receive double points when using their Magic Money card. In addition, guests may receive a 2 for 1 lunch or dinner buffet (coupon offer in local newspaper) and two can play The Bridges Golf Course for the price of one. There will be lots of disco dancing going on with free 1970's music in the main lobby, too.

Don't forget to be present Wednesday, September 29, for the "Movin' & Groovin'" Hurricane RV Giveaway at 9 p.m. and 1970's free music in the lobby. You will be so cool rockin' down the highway in your new 1999 RV from Casino Magic!

Thursday, September 30 (Casino Magic Bay St. Louis celebrates 7 years on the Mississippi Gulf Coast!)

There will be free cake in the lobby starting at 10 a.m., free anniversary T-shirts to the first 777 guests beginning at 7 a.m., and a \$7,000 Hot Seat Slots promotion, from 6 to 10 p.m. Guests using their Magic Money players card will be randomly selected to get in the "cash box" and grab as much cash as they can. And of course, to wind the night down (or up for some people) KC and the Sunshine Band will be shakin' their booties in the Magic Entertainment Complex at 8 p.m.

Casino Magic Bay St. Louis continues to Celebrate a Century of Magic by counting down the decades to the new millennium with the 1970s. In September, guests earning 250 points on their Magic Money Players Club card or placing an average bet of \$25 for three hours on table games may receive a denim shirt.

Stay tuned each month for more gifts and promotions for Magic Money Players Club members as Casino Magic celebrates a Century of Magic right up to the millennium.

Must be a Magic Money Players Club member to participate. Register for a free membership at the Magic Money Players Club.

It's "All Saints" Days for Magic Money Players
September 13 through January 2, 2000, Magic Money Club members can earn "All Saints Day" calendars during football season.

These artistic calendars feature a different Saints football player each month. Guests earning a minimum of 100 points or play an average bet of \$25 for two hours can receive their very own Saints calendar.

Points and play must be earned within a 24-hour period. Limit one per day. Membership to the Magic Money Players Club is free. (Offer expires January 2, 2000 or while supplies last).

The Elgins

The Elgins bring Motion to Casino Magic Bay St. Louis

The Elgins will grace the stage of the Magic Entertainment Center at Casino Magic Bay St. Louis Friday and Saturday, September 17 at 9 p.m. each night.

In the early days of Motown, along with the development of groups like Gladys Knight And The Pips, The Temptations, The Four Tops, The Supremes and The Spinners, The Elgins were right in the center, gathering under the Motown banner some of their first great hits.

In 1963, Motown Records signed a group, The Elegants. The original members were Virgil Ginyard, Robert Fleming, Johnny Dawson, Elbridge Bryant and Sandra Edwards.

Barry Gordy did not like the name, so Virgil and Elbridge renamed the group, The Elgins. They released their first single, "Put Yourself In My Place," which became a two-sided hit for the group with "Darling Baby" on the reverse.

The Elgins immediately followed that record up with "Heaven Must Have Sent You," and the B-side, "Stay In My Lonely Arms."

All four records went to number one and were followed by five more consecutive number one hits. In 1967, Elbridge and Virgil were drafted and were replaced by the single artist, Cleo Miller.

Another hit you may recall is "634-5789." The Elgins toured with the Motown revue and all their outstanding acts.

Today, the group consists of Sharyn Ginyard (formerly of Chimere), Primo Wansley, James Williams, Jr. (formerly of The Ebony's), and Virgil

Ginyard, an original Elgin.

In 1998, this quartet reformed The Elgins to reclaim the throne as the world's finest performing group under the Motown banner. Don't miss them only at Casino Magic Bay St. Louis on September 17 and 18 at 9 p.m.

Tickets for each show are \$10, \$15 and \$20. For information, call 1-800-5-MAGIC-5, extension 4535.

September Events & Entertainment

September 30 KC & the Sunshine Band 8 p.m. \$20, \$25 & \$30
